

Solar Inverter

Solar Inverter - ES-series

Grid-tied

ES2200 – 2000 Watt

ES3300 – 3000 Watt

ES4200 – 4000 Watt

ES5000 – 5000 Watt

FIRMWARE

Release Notes

Release date	Version	Details
04/2010	PV00104S	<ul style="list-style-type: none">• improvement in constancy of power feed-in within upper power range
08/2010	PV00106A	<ul style="list-style-type: none">• improvement in reliability during parallel operation mode• optimized control response during quickly changing module power
12/2010	PV0010B9	<ul style="list-style-type: none">• included "multi language" display• optimized control response during minimal module power
03/2011	PV00112C	<ul style="list-style-type: none">• MPPT efficiency modification
05/2011	PV00113M	<ul style="list-style-type: none">• MPPT adjustment efficiency optimized• Optimized control circuits for high net impedance
02/2012	PV003301	<ul style="list-style-type: none">• Improved control performance of the MPP tracker
05/2012	PV003307	<ul style="list-style-type: none">• Improved control performance of the MPP tracker
